The screenshot shows the Nextdoor home page for the Broadwater neighborhood. On the left is a navigation menu with options like Home, Inbox, Neighbors, Map, and Upcoming Events. The main content area is titled "Activity from Broadwater only" and shows "179 NEIGHBORS". A large text input box is present with the placeholder text "Post a message, event or urgent alert to neighbors". A blue arrow points to this box. Below the input box are tabs for "Broadwater" and "Broadwater + 1 Nearby Neighborhood", and a link for "Email settings". A notification banner reads "Welcome back to Nextdoor, Jennifer!" with a "Hide" option. Below that are two checklist items: "Verify you live in the neighborhood" and "Invite your neighbors and friends", both with checkmarks. A green button says "Add your profile photo". To the right of this button is a callout box that says "ADD PROFILE PHOTO" and "Adding a profile photo helps neighbors get to know each other." At the bottom, there is a notification for "Updated Guidelines, Member Agreement and Privacy Policy" from 4 hours ago.

The screen will change to look like this:

The screenshot shows the Nextdoor posting form. The navigation menu is on the left. The main content area is titled "Activity from Broadwater only" and shows "179 NEIGHBORS". The form has three tabs: "MESSAGE", "EVENT", and "URGENT ALERT". The "MESSAGE" tab is selected. The form fields include: "Choose neighbors" (a dropdown menu), "Add subject", "Write message" (a text area), and "Choose category" (a dropdown menu). At the bottom of the form are a camera icon with a plus sign, a "CLOSE" button, and a green "POST" button. Below the form are tabs for "Broadwater" and "Broadwater + 1 Nearby Neighborhood", and a link for "Email settings". A notification banner for "Welcome back to Nextdoor, Jennifer!" is visible at the bottom.

You can click and type in the “Add subject” section and “Write message” section. The “Choose neighbors” arrow allows you to choose “Broadwater” or “Broadwater +1 neighborhood”. Click Post when you are finished typing the Message, Event or Urgent Alert. (The “EVENT” and “URGENT ALERT” look to be unavailable, but if you click on them they will work)
